Sonoma County,
California

Variety

Cabernet Sauvignon

Alcohol

14.5%

pH

3.8

TA

5.48 g/L

Retail Price

\$18

Northern California's beautiful Sonoma County has long been famed for producing world-class Cabernet Sauvignon, and has been doing so since the late 1800s. One of the key 'Wine Country' growing areas, its consistently warm summer days and night-time Pacific breezes provide ideal growing conditions and allow the grapes to develop complex flavors while maintaining fruit flavors and acidity.

The exceptional *Owl Ridge 2017 Sonoma County Cabernet Sauvignon* is our winemaker's tribute to this renowned wine region we call home.

Lifted aromas of cherry and mocha introduce interwoven flavors of blackberry, plum and mild clove. The body is full, with well-integrated tannins complementing a long, rich finish of blueberry, sweet tobacco and sandalwood.

Showing wonderfully now, this wine will also benefit from aging. Pair it with roasted beets, lamb ragu or smooth dark chocolate.
